advance preview of course material
highly recommended

\$25.00 book deposit returned upon class
completion and return of book in good condition.
FCC test administer at end of course.*

Ham radio operators are critical additions to the emergency communications system through-out the North Country. Ham operators link communities in times of emergency across the county and across the country. Starting up is fun, easy and affordable. Morse code is no longer required and new hand held amateur band radios are available for under \$30.00.

For more information contact Mary Murray,
Adirondack Amateur Radio Association
at patientescort@gmail.com or call (518) 637 4309

*This is a free course. \$25.00 deposit will be refunded
or can be applied to FCC test fee.
